

**REMARKS**

Claims 1-23 were pending in this application. Claims 1-18 and 20-23 were canceled and added to claim 19. Claims 24-41 are new and correspond to canceled claims 1-18. Thus, claims 19, 24-41 are pending.

**Claim Rejections Under 35 USC §101**

Claims 1-18 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

In response, claims 1-18 were canceled. Thus, the rejection should be withdrawn and the pending claims allowed.

**Claim Rejections Under 35 USC §112**

The specification is objected to under 35 U.S.C. 112, first paragraph, as failing to adequately teach how to make and/or use the invention.

Claims 1-18 are rejected under 35 U.S.C. 112 first paragraph, for the reasons set forth in the objection to the specification.

In response, claims 1-18 were canceled. Thus, the rejection should be withdrawn and the pending claims allowed.

Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In response, claims 1-18 were canceled. Thus, the rejection should be withdrawn and the pending claims allowed.

Claim Rejections Under 35 USC §103

Claims 1-23 are rejected under 35 U.S.C. 103(a) as being unpatentable over *Pabla et al.*, U.S. Publication No. 2004/0064693 (“Pabla”), in view of *Mayo*, “C# Unleashed, Volume 2002, Pub. Date: November 14, 2001, ISBN-10:0-672-32122-X” (“Mayo”).

The Office action indicated claim 19 would be allowable if claims 20, 21, 22 and 23 were added to claim 19. Thus, the applicant added claims 20, 21, 22 and 23 were added to claim 19. None of the cited references, alone or in combination, suggest or disclosed the claimed combination of elements. The Applicant believes claim 19 is allowable.

Dependent claims

Further, new claims 24-41 add additional elements to now allowable claim 19. Thus, as claim 19 is allowable, so are the dependent claims from claim 19.

**CONCLUSION**

In view of the above amendment and arguments, the applicant submits the pending application is in condition for allowance and an early action so indicating is respectfully requested.
